

Livonia Warriors

WELCOME TO THE APPLICATION PROCESS 2016 FRC SEASON

Prospective Warriors!

Thank you so much for coming to our website, and taking some time to consider joining the Livonia Warriors *FIRST* Robotics Competition team (FRC 2832). Becoming a member of the competition team requires a significant commitment. It also requires a great deal of organization to complete!

I have put this little check list letter together in hopes of helping you start your application process.

#1 Attend the Application Night:

We are having an "Application Night" on June 3, 2015 at Dickinson Center – 18000 Newburgh Road in Livonia. The Livonia Warriors share this building with the Get Skillz Program – you may see that sign on the east side of Newburgh as you approach. The Laurel Park Place Mall is across Newburgh as you approach a traffic signal. The traffic signal is just a few yards south of the driveway entrance to the Dickinson Center. Our Doors are labeled "E" on the South side of the building – just keep going back.

PLEASE BE ADVISED THAT EVERY STUDENT SUBMITTING AN APPLICATION-- SHOULD ATTEND THIS MEETING WITH A PARENT.

June 3, 2015 – Dickinson Center – 8:00 pm

#2 Complete All Paper Forms:

All prospective Warriors should complete the following forms five (5) and bring them to the Application Night:

- Student Pledge Form
- Warrior Code and Safety Form
- Emergency Medical Authorization Form
- Field Trip Permission Slip Form 2015-16
- ICHAT form 2015-16 (one for each parent)

#3 Get a Teacher Recommendation:

All prospective Warriors should ask a teacher to complete a teacher recommendation as soon as possible.

#4 Have a Google Account:

All Warriors students and at least one parent/guardian need to have a Google Account to complete the on-line application forms and to access team information after joining the team. Go to accounts.google.com to create an account if you don't already have one. (A gmail address is also a Google Account.)

#5 Complete the Online Forms:

In addition to completing these paper forms that require original signatures, students also are being asked to complete three (3) forms online as a part of your application to the Livonia Warriors – FRC 2832:

- The Online Student Application (All applications should be submitted as soon as possible)
- The Online Parent Pledge Form
- The Online Warrior – Community Impact Essay Form (will be available after the Application Night on June 3, 2015)

Thank you for your interest in our award winning, *First* Robotics Team. We are looking forward to a great 2016 FRC season!
